PROFESSIONAL SUMMARY

Junior Developer at CDS Solutions, hired after a 1-month internship, building systems for public and private sector clients with TypeScript, Python, and Rust. Computer Science student at IESB and creator of WinGlass, a Windows app published on the Microsoft Store.

PROFESSIONAL EXPERIENCE

CDS Solutions — Sep 2026 - Present

> **Junior Developer** · Full-time — Oct 2026 - Present
> **Development Intern** · Internship → **hired as Junior in 1 month** — Sep 2026 - Oct 2026

- Build systems for the public sector (e.g., the Brazilian Navy) and small and mid-sized private companies.
- Work across front-end and back-end with TypeScript, Python, Rust, and React Native.
- Use Git/GitHub version control, CI/CD pipelines, and automated tests.

IT Intern - CFN — Mar 2025 - Sep 2026

- Developed and maintained internal apps with Microsoft PowerApps.
- Built web interfaces with HTML and CSS and provided technical support for internal systems.

IT Intern - IESB — Mar 2024 - Mar 2025

- Managed computer labs, performed network diagnostics, and supported academic systems.

PROJECTS

WinGlass C#, .NET 10, WinUI 3, C++20 — winglass.com.br

Liquid Glass for Windows 11, published on the Microsoft Store: taskbar, Start menu and system menus in liquid glass, with music, calendar and system monitor widgets.

365prints Next.js, TypeScript, Python, Whisper — github.com/GSerejo/365prints

Search across @unipedia3d's "365 days of 3D printing" videos by what is said in each one: local Whisper transcription, TikTok and Instagram scraping, and PostHog analytics, deployed at 365prints.vercel.app.

Medication Reminder App React Native (Expo), TypeScript — github.com/GSerejo/App-remedios

Medication reminder for elderly people and children: an alarm sounds at each dose, the patient photographs the blister pack, and the caregiver gets the medication, date, and time on WhatsApp (demo video).

EDUCATION

Bachelor's Degree in Computer Science - IESB — 2023 - Dec 2027

7th semester | Evening classes

Full Stack Engineering Program - Curso.dev (Filipe Deschamps) — 2026 - Present

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Python, Rust, C#, C++, Java, SQL
Front-end, mobile and desktop: React, Next.js, React Native (Expo), WinUI 3, Tailwind CSS, HTML5, CSS3
Back-end and data: Node.js, .NET, REST APIs, PostgreSQL, Power BI
Tools: Git, GitHub, CI/CD, Docker, Jest, Vercel, Microsoft PowerApps

COURSES AND LANGUAGES

Courses: Machine Learning - DIO (2024) · Power BI & SQL, 320h - DNC (2023) · JavaScript - Caelum (2021)

Languages: Portuguese (native) · English, intermediate (B1), in progress at Casa Thomas Jefferson
